NDSMAINFO@GMAIL.COM

NDSMA was founded in 2016 to promote student media in North Dakota and work closely with the North Dakota Newspaper Association to provide opportunities to students.

NDSMA's purpose is to bring together students and faculty to provide education, discuss the issues facing student media, advocate and support student media and provide consistent journalism contests in the state of North Dakota. NDSMA has absorbed the functions of Northern Interscholastic Press Association for high school publications.

Any publication (news, yearbook, literary magazine, and broadcast) within a high school or college in the state of North Dakota is eligible for membership. A membership lasts one academic year and includes invitations to the fall workshop and spring competition.

PROVIDING EDUCATION AND OPPORTUNITY FOR STUDENT MEDIA

Education

We provide hands-on learning for students at our fall workshop. Media professionals lead sessions where they provide education, tips and tricks, and guidance in areas such as writing, editing, photography, broadcast, design, website and social media useage, ethics, staff leadership, and more.

Competition

Students compete for state titles in approximately 50 categories relating to student media. The majority of competitions are send-in submissions with winners announced at the spring convention. Other competitions are on-site at the convention.

Networking

The North Dakota Newspaper Association and other media professionals are supporters of NDSMA and are invited to special networking sessions with students at our events. We also communicate job and internship listings to our members in order to provide students with as many opportunities as possible.
